# LEVEL

## ELEMENTARY

Mastery of elementary level indicates an average level of communicative competence, which allows you to satisfy basic communication needs in everyday, sociocultural, educational and professional spheres of communication. In other words, you feel more confident in countries where a foreign language is spoken in most everyday situations and can cope with a significant number of problems and challenges that you encounter in everyday life.

### **Official requirements: elementary level:**

- be able to read short texts from newspapers, magazines, books; understand the general content of what you read, individual details, conclusions and assessments of the author;
  - be able to write a text of 10 sentences on one of the proposed topics: about yourself, your family, studies, learning a foreign language, working day, free time, hometown, health, weather; convey the main content of the text read or listened to on the proposed topic;
  - understand short dialogues and extract factual information (topic, time, relationships, characteristics of objects, goals, reasons); understand detailed dialogues and express your attitude to the statements and actions of the speakers;
  - understand announcements, news, and socio-cultural information;
  - be able to participate in dialogues in a fairly wide range of everyday communication situations, start, maintain and end a dialogue; conduct a conversation on various topics (about yourself, about work, profession, interests, about the country, city, cultural issues, etc.); formulate your own statement based on the read text of a socio-cultural nature;
  - use grammatical and lexical skills to formulate statements in accordance with the intentions that arise in simple situations of a standard type.
- The volume of the lexical minimum should already reach 1500 units.
